

PATRIOT ACT NOTICE

To help the government fight the funding of terrorism and money laundering activities, Federal law requires all financial institutions to obtain, verify, and record information that identifies individuals and/or institutions seeking to open an account. What this means for you: Documents and/or other information may be requested to verify your identity and/or the existence of the entity establishing the account such as a business address, tax identification numbers, and any other documents that will prove the existence of the entity for which an account is being established.
